WORKNET Occupational Medicine

Do you have an injured worker and nobody to transport them to the doctor's office? WORKNET offers complimentary transportation for injured workers via LYFT VIP Transportation!

Call the WORKNET clinic to authorize treatment. Request transportation for your injured employee and state the specific pick up point. Provide the injured employee's name and cell phone number. The employee will receive a text from Lyft with pick up time. The employee must be outside at the pick-up point when the driver arrives.
