

Hello WORKNET Customers:

Below is the latest update regarding the WORKNET clinic at Hahnemann Hospital (230 N. Broad St).

Apparently, our WORKNET clinic space at Hahnemann Hospital is owned by an external real estate entity and not Hahnemann Hospital. As such, this entity is enforcing our lease and will not allow us to move before the expiration of our lease (in 2022).

***We are told that regardless of Hahnemann Hospital's announced closing, our clinic space will remain fully functional and we can continue operations.***

Our Legal department is in continuous communication with the real estate entity that owns our space to ensure that all landlord obligations under the lease can be executed. So until and unless we hear differently, **WORKNET's clinic operations at Hahnemann Hospital will continue despite the closing of the hospital itself!**

We will notify you as soon as possible should there be any material change in our understanding of the clinic operations at Hahnemann Hospital.

**Please forward** to anyone in your organization who may need to be aware.

Please consider shift managers and supervisors, other departments, your insurance adjuster, broker and carrier, case managers ... and your neighbors!
